## **Learning Outcomes defined**

## **Learning Outcomes for B.A./B.Com English:**

- To introduce the students to poetry and short stories in English
- To inculcate among students a habit of reading in English

- To ensure that students have good comprehension skills
- To teach students good grammatical skills
- To introduce students to essay and letter writing

### **Learning Outcomes for B.A. History:**

- To enhance critical thinking skills in students.
- It helps students to understand the roots of their community.
- Students can better understand how the present has been shaped and why specific societal issues exist.
- This stream fosters cultural practices, beliefs and awareness among students.
- It offers lessons from the past and makes a student a good decision-maker.

### **Learning Outcomes for B.Com:**

- Economic Growth and Development: Commerce stimulates business activities, fosters entrepreneurship, and boosts the economy by generating wealth, creating jobs, and promoting innovation.
- Diverse Career Opportunities: A commerce background opens doors to a wide range of careers in sectors such as finance, management, marketing, accounting, and international trade, offering flexibility and growth potential.
- Global Trade and International Relations: Commerce promotes cross-border trade and globalization, enhancing international relations by facilitating the exchange of goods, services, and investments worldwide.
- Technological Innovation: With the growth of e-commerce, digital payments, and automation, commerce drives technological advancements, transforming how businesses operate and consumers interact with markets.
- Efficient Resource Allocation: Commerce enables the optimal allocation of resources in the market through supply and demand dynamics, leading to better distribution of goods and services and improved market efficiency.

#### **Learning Outcomes for B.A. Economics:**

- To inculcate an understanding of the basics of economics and its implications.
- Inculcate an understanding of the role of money and banking in practical life.
- To learn more about the economic growth and development in rural and urban areas of the economy.
- To study consumer behaviour in rural and urban areas of the economy.
- To understand the government's economic policies and planning program for the public.

#### **Internal Assessment Mechanism**

The following internal assessment mechanism is followed by all the professors of the college as per the guidelines of the university –

Criteria	Marks
Attendance	5 Marks

Class Test (After completion of 40% syllabus)	5 Marks
House Test (After completion of 75% syllabus)	10 Marks
Assignment/Presentation etc.	10 Marks
