

## 5.2. Special Initiatives Taken

### 5.2.2. Solid Waste Segregation/Management

On October 13, 2023 College has Install specialized bins designed for the safe and hygienic disposal of sanitary napkins across campus facilities. By establishing a solid waste sanitary napkin initiative, a college can contribute significantly to environmental sustainability and also fosters a culture of environmental responsibility among students and staff.

### 5.2.4. Plastic-Free Campus

With the aim of raising awareness among students about the importance of environmental preservation, a series of programs were organized. The college strongly upholds and implements one of its core best practices, "Sustainable Development Embracing Vedic Pantheistic Principles," in environmental conservation. This approach fosters a deep sense of respect and reverence for Mother Nature. On March 07, 2024 Eco Club has driven poster making competition and environmental protection awareness rally on the topic of **Environmental Protection and Cleanliness** in the college premises. By following these steps and continuously adapting strategies, college has make a significant positive impact on the environment and foster a culture of sustainability and responsibility within the campus community.
