

5.1. Social Impact of Extension Activities

The college takes various initiatives to overcome social and economic issues in society through its extension activities in the neighbouring communities. Every year, colleges hold multiple activities and celebrate several awareness programs and national days. These activities inculcate a spirit of collaboration and leadership among students and promote comprehensive development. Meanwhile, the college organised sensitisation programs on the burning social issues such as HIV/AIDS, nutrition, Yoga, etc.

5.1.1. Activity by Road Safety Club

A comprehensive Road Safety Program was organised by the college's Road Safety Club on 13-14 February 2025. The program designed many engaging activities that maximised community interaction and impact, such as an awareness rally on the main streets and in the local market area, where student volunteers distributed informative pamphlets to passersby, drivers, and residents. These pamphlets explained basic road safety rules, such as adhering to speed limits. The initiative aimed to instil a sense of responsibility among students and help build a safer environment for all road users.

5.1.2. Red Ribbon Club

In an effort to combat the stigma and misinformation surrounding HIV/AIDS, the Red Ribbon Club at G.C. Shri Naina Devi Ji organized a comprehensive awareness program in December 2024. The initiative aimed to educate students about the disease, promote safe practices, and encourage a supportive environment for those affected. The college also conducted various HIV/AIDS awareness activities such as rallies, skits, poster making, declamation, and slogan writing.
