

### 5.3. Social Impact of Extension Activities

The college takes various initiatives to overcome social and economic issues of the society by its extension activities in the neighbouring communities. Every year colleges hold various activities and celebrate several awareness and national days. These activities inculcate spirit of collaboration and leadership quality among students and lead to comprehensive development. Meanwhile, college organised sensitization programs on the burning social issues such as HIV/AIDS, nutrition, Yoga, etc.

#### 5.3.1. NSS-driven cleanliness & volunteering program in Naina Devi Temple

On 25/12/2024 NSS driven cleanliness program in Naina Devi temple to promote cleanliness and hygiene in temple premises, nurturing a sense of responsibility and community among volunteers and visitors. The program aims not only to maintain the temple's sanctity but also to instil a culture of cleanliness and responsibility among volunteers and the community. Through collective efforts, we can enhance the spiritual experience and contribute to a healthier environment.

### 5.3.2. Tree Plantation By Eco Club

The Eco Club of the college conducted a Beti Bachao Beti Padhao and tree plantation drive on February 13-14, 2025, to enhance the green cover of our campus and promote environmental awareness among students and faculty. The event was part of our ongoing commitment to sustainability and ecological preservation. The Eco Club is committed to continuing these efforts and engaging the community in future sustainability initiatives.
